THE GOVERNMENT OF MALTA

AND

THE SWISS FEDERAL COUNCIL

DESIRING to conclude a Convention for the avoidance of double taxation with respect to taxes on income

HAVE AGREED as follows:

Article 1

Persons covered

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

Taxes covered

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property and taxes on the total amounts of wages or salaries paid by enterprises.

3. The existing taxes to which the Convention shall apply are:

a) in Malta:

the income tax;

(hereinafter referred to as „Malta tax“);

b) in Switzerland:

the federal, cantonal and communal taxes on income (total income, earned income, income from capital, industrial and commercial profits, capital gains, and other items of income);

(hereinafter referred to as „Swiss tax“).

4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any substantial changes which have been made in their respective taxation laws.

5. The Convention shall not apply to taxes withheld at the source on prizes in a lottery.

Article 3

General definitions

1. For the purposes of this Convention, unless the context otherwise requires:

- a) (i) the term „Malta“ means the Republic of Malta and, when used in a geographical sense, means the Island of Malta, the Island of Gozo and the other islands of the Maltese archipelago including the territorial waters thereof, as well as any area of the sea-bed, its sub-soil and the superjacent water column adjacent to the territorial waters, wherein Malta exercises sovereign rights, jurisdiction, or control in accordance with international law and its national law, including its legislation relating to the exploration of the continental shelf and exploitation of its natural resources;
- (ii) the term „Switzerland“ means the Swiss Confederation;

- b) the terms „a Contracting State“ and „the other Contracting State“ mean Malta or Switzerland, as the context requires;
- c) the term „person“ includes an individual, a company and any other body of persons;
- d) the term „company“ means any body corporate or any entity that is treated as a body corporate for tax purposes;
- e) the terms „enterprise of a Contracting State“ and „enterprise of the other Contracting State“ mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
- f) the term „international traffic“ means any transport by a ship or aircraft operated by an enterprise of a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;
- g) the term „competent authority“ means:
 - (i) in the case of Malta, the Minister responsible for finance or his authorised representative;
 - (ii) in the case of Switzerland, the Director of the Federal Tax Administration or his authorised representative;
- h) the term „national“ means:
 - (i) any individual possessing the nationality of a Contracting State;
 - (ii) any legal person, partnership or association deriving its status as such from the laws in force in a Contracting State.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4

Resident

1. For the purposes of this Convention, the term „resident of a Contracting State“ means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
- b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
- c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
- d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

Article 5

Permanent establishment

1. For the purposes of this Convention, the term „permanent establishment“ means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term „permanent establishment“ includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop, and
- f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site, a construction or installation project, or a supervisory activity in connection therewith, constitutes a permanent establishment but only where such site, project or activity continues for a period of more than nine months.

4. Notwithstanding the preceding provisions of this Article, the term „permanent establishment“ shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any activity of a preparatory or auxiliary character;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term „immovable property“ shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and air transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated enterprises

1. Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State, if it agrees that the adjustment made by the first-mentioned State is justified both in principle and as regards the amount, shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the following provisions shall apply:

- a) Where dividends are paid by a company which is a resident of Malta, Malta tax on the gross amount of the dividends shall not exceed the tax chargeable on the profits out of which the dividends are paid.
- b) In the case of dividends paid by a company which is a resident of Switzerland, the Swiss tax so charged shall, without affecting the taxation of the Swiss company in respect of profits out of which the dividends are paid, not exceed:
 - (i) 15 per cent of the gross amount of the dividends.
 - (ii) Notwithstanding the provisions of clause (i), dividends beneficially owned by a company (other than a partnership) the capital of which is wholly or partly divided into shares and which holds directly at least 25 per cent of the capital of the company paying the dividends for at least two years, shall be exempt from Swiss tax if both companies are subject to and not exempted from the taxes covered by Article 2, if under any double taxation agreement with any third State neither company is a resident for tax purposes of such third State and if both companies have adopted the form of a limited company.

3. The term „dividends“ as used in this Article means income from shares, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose

any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other State to the extent that such interest is paid
 - a) in connection with the sale on credit of any industrial, commercial or scientific equipment;
 - b) in connection with the sale on credit of any merchandise by one enterprise to another enterprise; or
 - c) on any loan of whatever kind granted by a bank.

4. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid between associated companies shall not be subject to taxation in the source State, where:

- such companies are affiliated by a direct minimum holding of 25 per cent for at least two years or are both held by a third company which has directly a minimum holding of 25 per cent both in the capital of the first company, and in the capital of the second company for at least two years; and
- such companies are resident in a Contracting State; and
- under any double taxation agreement with any third State none of the companies is resident in that third State; and
- all companies are subject to corporation tax without being exempted in particular on interest payments and each adopts the form of a limited company.

5. The term „interest“ as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

6. The provisions of paragraphs 1, 2, 3 and 4 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the

indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

2. The term „royalties“ as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

Capital gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or from movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains from the alienation of shares of the capital stock of a company the assets of which consist directly or indirectly principally of immovable property situated in a Contracting State may be taxed in that State.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14

Independent personal services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

2. The term „professional services“ includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15

Dependent personal services

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

- a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the calendar year concerned, and
- b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
- c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State, may be taxed in that State.

Article 16

Directors' fees

Directors' fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

Article 17

Artistes and sportsmen

1. Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Paragraphs 1 and 2 shall not apply to income from activities performed by entertainers or sportsmen if such income is derived directly or indirectly in a substantial manner from public funds of the other Contracting State, a political subdivision or a local authority thereof.

Article 18

Pensions

Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration paid to a resident of a Contracting State in consideration of past employment shall be taxable only in that State.

Article 19

Government service

1. a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.
- b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:
 - (i) is a national of that State; or

- (ii) did not become a resident of that State solely for the purpose of rendering the services.

- 2. a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

- b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.

- 3. The provisions of Articles 15, 16, 17 and 18 shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

Article 20

Students and business apprentices

Payments which a student or business apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in that State, provided that such payments arise from sources outside that State.

Article 21

Other income

- 1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

Article 22

Elimination of double taxation

1. In the case of Malta, double taxation shall be avoided as follows:

Subject to the provisions of the law of Malta regarding the allowance of a credit against Malta tax in respect of foreign tax (which shall not affect the general principles hereof), where in accordance with the provisions of this Convention, there is included in a Malta assessment income from sources within Switzerland, the Swiss tax on such income shall be allowed as a credit against the relative Malta tax payable thereon.

2. In the case of Switzerland, double taxation shall be avoided as follows:

a) Where a resident of Switzerland derives income, other than income falling under article 10, which, in accordance with the provisions of this Convention, may be taxed in Malta, Switzerland shall, subject to the provisions of subparagraph b), exempt such income from tax but may, in calculating tax on the remaining income of that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted. However, such exemption shall apply to gains referred to in paragraph 4 of Article 13 only if actual taxation of such gains in Malta is demonstrated.

- b) Where a resident of Switzerland derives interest which, in accordance with the provisions of Article 11, may be taxed in Malta, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:
- (i) a deduction from the tax on the income of that resident of an amount equal to the tax levied in Malta in accordance with the provisions of Article 11; such deduction shall not, however, exceed that part of the Swiss tax, as computed before the deduction is given, which is appropriate to the income which may be taxed in Malta; or
 - (ii) a lump sum reduction of the Swiss tax; or
 - (iii) a partial exemption of such interest from Swiss tax, in any case consisting at least of the deduction of the tax levied in Malta from the gross amount of the interest.

Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.

- c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Malta shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

Article 23

Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 4 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall apply to the taxes which are the subject of this Convention.

Article 24

Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is

a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 25

Exchange of information

1. The competent authorities of the Contracting States shall exchange, upon request, such information (being information available under the respective taxation laws of the Contracting States) as is necessary for carrying out the provisions of this Convention and the provisions of domestic law concerning tax fraud in relation to the taxes, which are the subject of this Convention. Any information so exchanged shall be treated as secret and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment, collection or administration of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. No information shall be exchanged which would disclose any trade, business, industrial or professional secret or any trade process.

2. In no case shall the provisions of this Article be construed as imposing upon either of the Contracting States the obligation to carry out administrative measures at variance with the regulations and practice of either Contracting State or which would be contrary to its sovereignty, security or public policy or to supply particulars which are not procurable under its own legislation or that of the State making the application.

Article 26

Members of diplomatic missions and consular posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

2. Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed, for the purposes of this Convention, to be a resident of the sending State if:

- a) in accordance with international law he is not liable to tax in the receiving Contracting State in respect of income from sources outside that State situated outside that State, and
- b) he is liable in the sending State to the same obligations in relation to tax on his total income as are residents of that State.

3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income.

Article 27

Entry into force

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. The Convention shall enter into force on the date on which the later of those notifications has been received.

2. The provisions of the Convention shall have effect:
 - a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the year next following the year of the entry into force of the Convention;

 - b) in respect of other taxes for taxation years beginning on or after the first day of January of the year next following the year of the entry into force of the Convention.

3. In cases of tax fraud, exchange of information shall be granted for offences committed after the entry into force of this Convention.

4. The exchange of letters of 30 March 1987 between the Government of Malta and the Swiss Federal Council relative to the taxation of profits derived from the operation of ships or aircraft in international traffic shall cease to have effect on the date on which this Convention shall take effect.

Article 28

Termination

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year. In such event, the Convention shall cease to have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following that in which the notice was given;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

IN WITNESS WHEREOF the undersigned, duly authorized thereto, have signed this Convention.

Done in duplicate at this, in the English and French languages, both texts being equally authentic.

Malta:

For the Swiss
Federal Council:

PROTOCOL

Malta

and

The Swiss Confederation

Have agreed at the signing at on the of the Convention between the two States for the avoidance of double taxation with respect to taxes on income upon the following provisions which shall form an integral part of the said Convention.

1. ad Article 7

In respect of paragraphs 1 and 2 of Article 7, where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of that part of the total receipts which is attributable to the actual activity of the permanent establishment for such sales or business.

In the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated.

The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the State of which the enterprise is a resident.

2. ad Articles 7 and 12

It is understood that payments received as a consideration for the use of, or the right to use industrial, commercial or scientific equipment constitute business profits covered by Article 7.

3. ad Articles 18 and 19

It is understood that the terms „pensions“ and „pension“ as used in Articles 18 and 19, respectively, cover periodic as well as lump sum payments paid under a pension arrangement.

4. ad Articles 25 and 27

It is understood that

- (i) the term „tax fraud“ as used in Articles 25 and 27 means a fraudulent conduct which is deemed to be an offence punishable by imprisonment under the laws of both Contracting States. In particular, fraudulent conduct is assumed in situations where a taxpayer uses, or has the intention to use, a false piece of documentary evidence and in situations where the taxpayer uses, or has the intention to use, a scheme of lies to deceive the tax authority;
- (ii) in cases of tax fraud, bank secrecy shall not preclude the provision of documentary evidence by banks and the forwarding thereof to the competent authority of the requesting State. The provision of information, however, presupposes a direct link between the fraudulent conduct and the requested administrative assistance measures;
- (iii) administrative assistance in cases of tax fraud shall not include any measures which serve only the investigation of evidence („fishing expeditions“).

5. Where under any provision of this Convention income or profits from a source within Switzerland is relieved from Swiss tax and, under the laws in force in Malta, a resident, in respect of such income or profits, is subject to tax by reference to the amount thereof which is remitted or received in Malta and not by reference to the full amount thereof, then the relief to be allowed under the Convention in Switzerland shall apply only to so much of the income or profits as are remitted to or received in Malta.
